

COMMUNITY PROJECT WORK

The Prince's Trust Year 10 XL group have been supporting STAK this half term through their Community Project work. This is their final unit towards their Personal Development and Employability Skills qualification awarded by The Prince's Trust.

The Prince's Trust XL course provides a personal development programme aimed at young people aged 13-19 at risk of under-achievement or exclusion from school.

The students have developed their understanding of how to select, plan, resource and risk assess a project as well as how to deliver and evaluate it.

They are very proud to be making a contribution to the local community through the

donation of non-perishable foods.

Chris, a student on the course said, "I have enjoyed helping people in St Austell that need it, by collecting the tins of food."

Ryan added, "I am proud to have been able to help support the community at a time when everybody could use a bit of help."

Mrs Harvey (XL Advisor) *"It is important for the students to be able to learn about the realities of our society. So we are proud of how the students have developed their team working skills whilst demonstrating a positive attitude to helping others in their local community through what they have achieved."*

On receiving the donations Kim Matthews, STAK Project Manager said **"A big thank you to everyone involved in the project. What a fantastic gesture from the young people of the town, helping those less fortunate than themselves."**

HOUSE STARS

TEWINGTON

Jenna Elliott
8LS

For always being cheerful and mature and for improving attendance.

Sam Currell
9LW

For having 100% attendance, no behaviour points and for being an excellent, happy and cheery pupil who does his best at everything.

TREVERBYN

TREGREHAN

Bartek Gawlowski
7LB

For being prepared and positive at all times.

Callan Phillips
9ABR

For being lovely and positive.

ENTERPRISE ACTIVITY

The Year 9 work skills group have taken part in an enterprise activity to produce these amazing clocks and have decided to sell them to raise money for Macmillan Cancer Support, a charity they chose themselves.

A display has been set up in the staff room and clocks have been on sale for £5.

Well done to the group:-

Miles Dymond, David Woodhouse, Jack Green, Kieran Harris, Morgan Hicks, Michael Hill, Thomas Rowe, Dell Tait, Danny Thomas, Matthew Tonkin and Sam Turner

Ms Lobb—DT Department

MATHS COMPETITION

During the last week of the Spring Term the Mathematics faculty hosted a competition. All the maths rooms were named after famous mathematicians and the brief was to research the reason why these mathematicians were most famous.

Jake was successfully selected from all the entrants for the maths competition. He researched what Mathematics John Napier was most famous for.

Well done Jake.
