Fitness Suite, All Years (CM & LP)

Dance Club

Every Wednesday Lunch

This club is run by some of our
Year 11 Prefects

All welcome...

UK Intermediate Maths Challenge

On Thursday 1st February, 30 of our most able mathematicians in Years 9 and 10 took part in the UK Intermediate Maths Challenge.

The students prepared for the event in an afterschool session, led by Mr McNally, a few days prior to the challenge. They practised the worded style of questions that appear in the challenge and familiarised themselves with the complex marking scheme which involves negative marking for the last 10 questions if completed incorrectly.

All students conducted themselves with maturity and focus, we look forward to receiving a plethora of certificates when results are announced in the forthcoming months.

Well done everyone!

Rotary Young Photographer of the Year

Two of our budding young photographers recently entered the "Rotary Young Photographer of the Year" competition, they are Olivia Trudgeon and Amber Bennett.

We are thrilled to announce that Olivia won **first place** in the Junior section and Amber won **first place** in the Senior section!

This is the second year in a row we have won, but the first year we have won two categories!

The girls' work will now go forward to regional finals...

Well done!
