

believe & achieve

4th March 2021

Dear Parent / Carer

I am delighted to write to you with the final arrangements for welcoming your children back to school from next week. To enable us to test the students and ensure the safety of all working and learning on-site as best as possible, we are phasing the return over the week 8th - 12th March.

As a reminder - The table below the timeslots for children to be tested; as I have said in previous letters, we strongly encourage all school community members to be tested and follow the testing regime at home. If your child uses a bus to get to school, then the school buses will pick up at the normal places at the normal times. The buses will then return home at the end of the school day at normal times - if you are able to pick up your child from school after their test then you are welcome to do so, but you must give permission for this to happen. If students cannot be collected, then they will be supervised in school to complete their remote learning. No food will be available on site, so if your child is to remain in school then please ensure that they bring a lunch with them. Families who receive Free School Meals vouchers will continue to be provided with them during the week commencing the 8th March.

For your child to be tested, please register your child and indicate your consent by selecting this link (also accessible on the School website page under 'Lateral Flow Testing').

The booklet attached contains all the details about how the school will run and how you can help your child return to school for face-to-face teaching from 15th March. The processes, procedures and expectations are the same as those prior to lockdown, with the expectation that face masks will now be worn in classrooms.

Thank you for all your support with the return and we are really looking forward to welcoming your child back into school.

Sincerely

M Everett
Head of School
